LODERS RELIEF OF NEED REPORT

for the year ending 31st December 2023

The Trustees met three times during the year. Alison Saunders has stepped down and we now have Kim Bowring in her place, very useful as she works at the school and has more knowledge of the younger people in the village.

Our funds at present are as follows:

COIF Charities Deposit Fund £3,527.40

NatWest £11,197.94

We have been very fortunate to receive some generous donations which has brought our funds up.

The Trustees have been able to help a number of folk who suffered roof damage with the mini tornado which came through the village, a gesture of goodwill and support, also a young girl going travelling, and a farm worker who was unable to work as a result of an accident. Roughly £1,500 all told.

We are always looking out for those who might benefit from a small grant and are open to suggestions from all parishioners, whether in need themselves or on behalf of their friends and neighbours.

Philippa. M. Davis

Clerk to the Trustees
