Loders Parish Council Annual Parish Assembly

Roads Report April 2021

Bridge Graffiti - This has been reported to Highways England by Dorset Highways but with no response to date.

Waddon Way - The current status regarding reopening is unknown.

Gribb Farm Road Deviation - There was a feasibility study carried out last year. This has covered a slightly larger amount of land than originally envisaged now involving two landowners. One landowner is compliant, the other is in negotiation.

Drainage problems at Church Lane were dealt with but a run-off problem remains and this is still pending with Dorset Council.

I have dealt with numerous fly tipping events. These are normally dealt with promptly.

Not before time, New Road, Uploders is to be closed between the 19th and 23rd of April 2021 for road re-surfacing.

Cllr David Last
Loders Parish Council
